Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE GREEN BEANS, VOLUME 3 THE CURIOUS CONUNDRUM OF PAN GU

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 198 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. SOMETHING LIES BENEATH Only a handful of days have passed since the nefarious efforts of Jasper, the evil school janitor, were squashed. Although they are exhilarated with their victory, the Beans have come to realize that Jasper is only the tip of the iceberg in the schemes of a larger organization of dubious methods and goals. Be that as it may, they're happy to have a break from the astonishing events of recent weeks, and their field trip to the Portsmouth Museum of Historical Artifacts seems like the perfect way to relax. It doesn't take long, however, for the Beans to realize that serious weirdness is afoot, and things are not as they initially appear. In this museum, nothing is what it seems at face value. There are artifacts of mysterious, unknown power, and the staff members are acting awfully peculiar. Most significant of all, the building's primary purpose may not be to serve as a museum at all, but to hide the gargantuan secret that lies beneath it a secret so big, its unveiling may transform the communities of Portsmouth and Hollow Oak. The Green Beans is a series of middle grade novels with themes of environmental conservation, featuring elements of adventure, mystery, science fiction, and the paranormal. Recommended for ages 8-12 (and anybody who is still young at heart). This item ships from La Vergne, TN. Paperback.
