Fastpencil Inc, United States, 2011. Paperback. Book Condition: New. 200 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.A fifteen-year-old boy engages in a battle of wills against an enormous rock. A pair of wanna-be cowboys, desperate to prove their Old West cred, accept a wager that has deeply dire consequences. A teen and his grandfather bond in an unorthodox way with surprising results. A junior college dropout delivering pizzas for a living meets the two strangest customers who ve ever ordered pizza - but one of them might want something more sinister from him than just a hot meal. And a confused university graduate faces the toughest test of his life: asking out an attractive bank teller even though it seems as if his self-confidence -- and career plans -- were left behind in college. Five stories. All different,yet all somehow connected. And for those of you who don t know how to use a can opener -- you ve come to the right place. KYLE FITZGERALD lives in Sherman Oaks, California, with a temperamental laptop computer on which he types out stories that just might manage to be both weird and relate-able (although he believes that weird IS relate-able). When not wrestling with words, he works at an advertising agency, enjoys the Great Outdoors, and looks for things that make him laugh. This is his first book.
