Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Building Construction, Vol. 1 of 6: Showing the Employment of Timber, Lead, and Iron Work, in the of Buildings As the first volume of the Advanced Series embraced a higher range of topics on Brickwork and Masonry than that of the volume of the Elementary Series, of which it formed the natural and necessary sequel, according to the proposed plan of the series; so does this, now presented to the Student, take up and discuss a wider and higher class of subjects in connection with Carpentry, Joinery, and Iron Work.
