Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.First in the Enforcers and Coterie series, each one is a standalone book delving deeper into a world where magic co-exists peacefully with the ordinary, for the most part. Julia Hill doesn't have time for men. Life's complicated enough as a Mage Enforcer keeping the peace in the magical community. And letting someone get too close to her could expose her secret, one that carries an automatic death sentence. Jackson Thorne's a fugitive, blamed for summoning and losing control of a demon. A frame job, he swears, but all the evidence points to his guilt. Nowhere to turn and only a handful of friends to rely on, he must evade the Enforcers pursuing him. Kidnapped by Jackson, Julia falls deeper under his spell. Escape from him seems impossible when her body doesn't want to go, but can she trust him? More is going on than either realizes. Unraveling the evidence against Jackson reveals a darker, more twisted conspiracy: enslavement, deadly hunts and forbidden rituals. Will they uncover the truth before it incites a bloody civil war?.
