

## Plant and Animal Children: How They Grow (Paperback)

---

By Ellen Torelle

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Principles An excellent book of biology for the elementary school pupil and for beginning classes in agriculture and horticulture is concealed under the rather unconventional and unscholastic title Plant and Animal Children: How They Grow, by Ellen Torelle. We are quite ready to accept the author s assertion that instruction such as this little book conveys is greatly needed in all our schools. This book aims to make clear the ideas of evolution, heredity, variation, effect of environment, and the evolution of sex without once mentioning these names. - Review of Reviews and World s Work, Volume 47 \* \* \* \* An excerpt from the PREFACE. This book attempts to express in simple language the essential facts and principles of growth and development in plant and animal life and to show the relation of these facts and principles to human life. It is written especially for the pupils of the elementary schools. It aims to make clear the ideas of evolution, heredity, variation, effect of environment, and the evolution of sex, without once mentioning these names....
