CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 42 pages. Dimensions: 9.0in. x 6.0in. x 0.1in.The Categories is a text from Aristotles Organon that enumerates all the possible kinds of things that can be the subject or the predicate of a proposition. They are perhaps the single most heavily discussed of all Aristotelian notions. The work is brief enough to be divided, not into books as is usual with Aristotles works, but into fifteen chapters. The Categories places every object of human apprehension under one of ten categories (known to medieval writers as the Latin term praedicamenta). Aristotle intended them to enumerate everything that can be expressed without composition or structure, thus anything that can be either the subject or the predicate of a proposition. This item ships from La Vergne,TN. Paperback.
