TRANSPORTATION FOR THE FUTURE

Springer. Paperback. Book Condition: New. Paperback. 270 pages. Dimensions: 9.7in. x 6.6in. x 0.9in. During the seventies and eighties, the industries associated with the transportation of goods and people have been exposed to some profound changes. The quickening pace of technological change - with its growing emphasis on telecommunications, knowledge-handling capacity, and air transportation - is increasing the discrete character of the world economy. Thus the network structure of global development patterns is becoming more important, with metropolitan centres as key...
