Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Notes on Sovereignty, From the Standpoint of the State, and of the World The following notes aim, in a tentative way, to discuss and analyze the source and nature of sovereignty in its relation to mankind, and to the institutions created and developed as a result of man's desire for social order and peace. The term notes excludes the idea of an exhaustive or comprehensive treatment of sovereignty; the sole purpose in view is to direct attention to the wide-reaching importance of the subject and to suggest a line of thought somewhat different from that usually followed by publicists. Introductory In the various systems of philosophical theories of government, which have been given to the world since the human reason was emancipated by the revival of learning, sovereignty, with scarcely an exception, has held a prominent place, and upon their conception of it all of the foremost thinkers since that time have rested their philosophic systems. The two great exceptions to this general practice are Montesquieu and Locke. The former neither defines nor treats of sovereignty; and the latter fails even to mention the word. The explanation of this apparently vital omission from their systems may be found in the ethical idealism of these philosophers, who exalted moral obligation to an actual force and gave to man's consciousness of right a determinate authority which is denied by historical experience. They dealt with what they conceived ought to be in human affairs, rather than what really is. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
