Savanna Tate has loved the same guy since she was 14yrs old. Now she and Tyler are in their second year of college. While Savanna is concentrating on maintaining her high grade point average and academic scholarship, Tyler is busy partying with his frat brothers and screwing around on his girlfriend behind her back. Savanna decides they need a break, just so she can focus and maybe change his mind about his priorities. One night at a party Savanna catches Ty in the act and after a heated argument, she leaves. In fear of losing her forever, Tyler steals a car and proceeds to follow her even after he had too much to drink. He loses control of the vehicle and from the injuries of the accident he goes into a coma. Everyone blames Savanna for Ty's accident. She loses her friends. His family disowns her. She stops being around people and spends most of her time at the hospital waiting for Ty to wake up so that they can start over and have the future she always wanted. Then his cousin Colt comes back to town to help with the Mitchell family's farm. The chemistry between them is electric, but is Savanna willing to let go of Ty to explore her feelings for Colt?.
